MORE FUN WITH YOUR BEST FRIENDS

Everything is more fun with your best friends. Joy is amplified when you are together, and worries are reduced when shared.

Different perspectives lead to innovative ideas, and facing challenges together can strengthen bonds forever. Besides, together you have double the joy and double the action.

Our frames are also better together. They are designed to complement each other. Our colour combinations are beautifully coordinated, including tone in tone, pastel and warm, transparent, and solid options. Simply better together.

Major thanks to the Milo & Me rebels who inspire us everyday to create sturdy and cool eyewear. Thank you Elise, Lara, Daan, Leon, Maite, Jetta, Flore, Jan, Novah, and Sam.

WHY

We believe all children should feel free to play, romp, run, jump, explore and play the way they want. Feel good about themselves and feel free to be who they are. And sometimes be a little rebel...

HOW

By designing and producing attractive, functional and affordable products which help kids with glasses to play the way they want and feel free to be themselves. Products that are responsibly produced and available for every child.

WHAT

Children's eyewear, crafted from super flexible, lightweight, and durable materials. We utilise TR-90 material for the temples and plasticiser-free TPE material for the front of the frames. These materials are strong enough to withstand the rigors of everyday activities! With a cool design, trendy colours, a consumer-friendly price, and a fresh brand concept, our eyewear appeals to kids from baby age to teenager.

WHY

MILO & ME

WHAT'S

NEW?

Our frames are better together! Previously, we had two separate collections: the transparent Bright City Styles and the solid Original Styles. To align with current trends and cater to modern children's tastes, we've revamped our portfolio into a unified collection. This new compilation combines both styles into a more compact format without sacrificing diversity and variation. In fact, we've introduced an additional frame called Billie, a cool and spunky frame, and adapted 11 colours to enhance the collection's coherence. The result is a well-rounded and cohesive lineup that, while more compact, still caters to the individual preferences of kids—ranging from bold and daring to stylish and discreet. Together, they just look better!
